

TURN DOWN FIFTEEN
RECESS APPOINTMENTSSENATE COMMITTEE INVESTIGATING
SELECTIONS REACHES DECISION

List Includes All Members of Utilities Commission, the Insurance Commissioner and Fire Marshal—Action Will Probably Be Adopted by Senate.

Springfield, Ill., April 14.—Fifteen of Governor Dunne's recess appointments, including all of the members of the state public utilities commission, state insurance commissioner Rufus M. Potts, State Fire Marshal Walter Bennett and State Food Inspector W. Scott Mathews, will not be confirmed by the state senate according to a decision made late tonight by the senate committee appointed to investigate the appointments.

Members of the public utilities commission whose appointments will not be approved are Owen P. Thompson, Richard Yates, Frank H. Funk, Walter A. Shaw and William L. O'Connell.

Others whose appointments will be held up are:

Robert Eadie, member of the state industrial board; John I. Blackman, member of the state fish and game commission; Frederick T. Provost, member of the state board of pharmacy; J. M. Booth of Kankakee, public administrator; George W. Dowell, of DuQuoin, member of the court of claims; Charles W. Elliott, of Galesburg, manager of the Illinois State Reformatory, John Andra, member of the Chicago west park commission.

As a majority of the committee are Republicans and as the Republicans are in control of the senate, it was reported probable tonight, that the committee's action will be adopted.

Defeats Emergency Bill.

Declaring that members of the state public utilities commission should be made to pay their own railroad fares as long as the commission refuses to let members of the legislature ride on railroad passes, Representative Lee O'Neill Browne, Democrat, today led a successful fight in the lower house of the legislature against an emergency bill making a deficiency appropriation of \$35,000 to the state public utilities commission.

The bill was immediately reconsidered and passed without the emergency clause by a vote of 94 to 5. By striking out the emergency clause the utilities commission will be unable to get the money appropriated until after July 1st. The vote on the bill with the emergency clause attached was 87 for and 10 against, fifteen votes short of the required two thirds.

Defeat Rinehart Resolution.

By defeating the Rinehart resolution today the house killed the last possibility for the submission by this legislature of an amendment to the amending clause which would permit the submission of more than one constitutional amendment at one time.

The vote was 99 to 31, three short of the required number. When Representative Browne led a fight on the floor of the house today to have Jesse Hawkins and Albert Schavers appointed assistant house messengers at \$4 per day after the contingent expense committee had refused to recommend such action, Speaker Shanahan charged that an attempt was being made to embarrass him by padding the payroll.

He declared that if Hawkins and Schavers were put on the payroll, it would not certify the payment of their salaries.

"Do you mean to say that you won't certify these names if the house so votes?" demanded Browne.

"No, I won't add in padding the payroll," replied Shanahan.

"If the house votes these men on the payroll their names will have to be certified by the clerk. I won't do it."

"Oh, I guess you will," remarked Browne.

"No I won't. I won't do it for you or any other member of this house," retorted the speaker, who ended the argument by ordering a roll call. The committee's recommendation that Hawkins and Schavers should not be placed on the payroll, was adopted by a vote of 86 to 30.

Pass to Second Reading.

The four bills abolishing capital punishment, which had been made a special order for today in the senate, were permitted to go to second reading without objection. The fight against the measures will be made on third reading. The foot and mouth appropriation bill which also had been made a special order for today was not taken up by the senate action being deferred pending the preparation of amendments.

Senator Duvier offered a resolution in the senate directing the attorney general to furnish the senate a list of water rights held by the state and those of individuals or corporations along the route of the proposed waterway.

Senator Woodard offered a joint resolution providing for submitting an amendment to article IV, of the constitution so as to permit the initiation of a legislative bill on petition of eight per cent of the voters of the state.

GENERAL VILLA APPEARS TO
HAVE GAINED ADVANTAGE

First Day of Battles With Gen. Obregon Seems to Favor Villa.

Washington, April 14.—General Villa appears to have gained the upper hand in the first day of battle with the forces of General Obregon near Celaya and vicinity, according to consular advices to the state department today from San Luis Potosi. From other points as well, it was reported that in the struggle in which officials estimate 45,000 men are engaged, the first fruits of victory are with the army of General Villa.

General Obregon is declared to have been surrounded and his retreat cut off from all directions, according to one report. As the fighting line is extensive, detailed advices have not reached here from General Villa's headquarters and the final outcome of the fighting is still doubtful.

Victory for Villa would mean the resumption of communication by rail and wire between Mexico City and the American border while success by Obregon would divide the Villa-Zapata forces and destroy their communication between the Northern and Southern sections of the country. In many quarters here it is believed the result of the struggle will have an important bearing on the general political situation in Mexico, indicating which of the two major factions is to dominate.

The state department's advices were summarized in the following statement:

"The department is in receipt of advices, dated April 13th, from San Luis Potosi, stating that heavy fighting around Celaya favors the Villa forces which have surrounded Obregon and two of his subordinate commanders. The lines extend from Celaya through Queretaro to La Griega. It is estimated that 45,000 troops are engaged. Obregon's retreat is said to be cut off at La Griega by Generals De Las and Argumedo.

"The San Luis Potosi district is quiet and in undisputed Villa control. Trains are in operation from San Luis Potosi to Aguas Calientes, east of San Luis Potosi to Las Palmas and south to San Felipe. Trains also arrive occasionally from Saltillo."

AMERICAN JEWS BRAND RECENT
RUSSIAN DENIAL AS FALSE

Statement Calls Upon the Civilized World to Protest Against the Policy of the Russian Government.

New York, April 14.—Five American Jewish workingmen's organizations issued a joint statement here today branding as false the recent denial by the Russian official press bureau in behalf of the Russian government of charges that Jews in Russia had been persecuted during the war.

The statement asserts that the facts prove that Russian Jews have been the victims of cruelty by the Russian soldiery and calls upon the civilized world "to protest against the policy of the Russian government which has only one aim in view—to exterminate the Jewish race."

Of this the Russian people themselves, it is explained, are not accused.

tution was offered in a joint resolution by Senator Compton. The resolution is the one advocated by the civic federation of Chicago.

The house committee on roads and bridges today approved a bill authorizing counties to issue bonds for permanent improvement of highways and for the applying of all allotments hereafter made by the state to counties issuing such bonds for their liquidation.

The committee also approved a bill which provides that townships may issue bonds to liquidate indebtedness incurred and assumed by highway commissioners and for which they have become personally responsible in road and bridge improvement.

The Merritt bill practically repealing the state civil service act today was reported out by the house civil service committee with the recommendation that it do not pass.

Present Arguments on Bills.
Capital and labor renewed their controversy over vocational education. At a joint session of the house and senate committees on education each side presented arguments on the two principal bills, which differ materially as to whether the proposed schools shall be supervised by separate boards of industrial education or be a part of the present public school system.

That the system recommended by the employers—which would place the schools under local boards composed of two employers, two skilled laborers and the superintendent of schools, would "make beasts of burden out of our children instead of intelligent men and women" was the assertion of John H. Walker, president of the state federation of labor.

Mrs. Ella Flagg Young, superintendent of schools in Chicago asserted she did not understand why experts employed by boards of education could not inaugurate new lines of vocational instruction under her regime which, she said had saved hundreds of children from the streets.

Warren Hicks, supervisor of industrial education in Wisconsin where the schools are under separate control said there has been little or no friction between such boards and the local boards of education.

DIVER WALKS ALONG
TOP OF SUBMARINE

FINDS ILL-FATED F-4 LYING ON
SMOOTH SANDY BOTTOM

Reports There are no Coral Growths to Impede Hoisting Operations—Diver Goes Down 288 Feet, Establishing New World's Record.

Honolulu, April 14.—Chief Gunners' Mate Frank Crilly went 288 feet under water here today and walked along the top of the submarine F-4, which disappeared March 25th. The depth is said by naval officers to be a world's diving record.

He found the F-4 lying on smooth sandy bottom with no coral growths to impede hoisting operations. She lay tilted on her starboard side, her bow pointing shoreward. Two parallel lines were found attached to the craft.

After Crilly reported, it was said further observations probably would be made before an attempt is made to raise the F-4.

Crilly went down in an ordinary diving suit and the recompression chamber designed to reduce pressure on the diver was not used.

Under Water Two Hours.

Crilly was under the water two hours. It took five minutes for him to make the descent and he was on the bottom twelve minutes. An hour and forty five minutes was required to bring him to the surface in order to accustom him gradually to the change in air pressure.

Congressman Fred A. Britten of Illinois, member of the house committee on naval affairs, who is in Honolulu is expected to visit the scene of operations as the guest of Rear-Admiral Charles B. T. Moore, commandant of the Honolulu naval station to make observations to determine the possibility of raising the F-4 without resorting to pontoon methods.

Congressman Britten, addressing the lower house of the territorial legislature today said that Pearl Harbor should have a permanent flotilla of seagoing submarines and battleship defenses. He said he would urge this in congress. Representative G. W. Edmonds of Pennsylvania, a member of the committee on merchant marine and fisheries, who is also visiting Honolulu told the legislature he was in favor of a ship subsidy to develop Hawaii.

TO ARGUE PETITION FOR WRIT OF
ERROR IN TERRE HAUTE CASE TODAY

Hearing Will be Held in Chicago—Roberts Refuses to Resign as Mayor of Terre Haute When Requested.

Indianapolis, Ind., April 14.—Arguments on a petition for a writ of error filed in the United States circuit court of appeals at Chicago by Frank S. Roby, attorney for a number of the men convicted here in the Terre Haute election fraud case, will be made in Chicago tomorrow. United States District Attorney Frank C. Dalley received notice of the date this afternoon and stated that he would have tonight for Chicago.

Mayor Don M. Roberts, one of the men sentenced to the federal penitentiary refused to resign as mayor of Terre Haute this afternoon when requested to do so by city members of the Terre Haute City Council who called on him at the Marion county jail where he is now pending his efforts to obtain a \$60,000 bail. Of the twenty-one persons who were given sentences by Judge Anderson at Leavenworth, Kansas, twelve, including Roberts, are still seeking to obtain appeal bonds; six have been released on their promises to start for the prison unattended not later than noon next Sunday and two others who withdrew from the appeal are in jail waiting until United States Marshal Mark Storck decides to accompany them to prison.

Another, Edward Holler, former chief of police, who pleaded guilty, also is in jail.

It is not known how much more time the men will be given in which to try to get bonds. It is probable, however, that they will not be taken away before Saturday or Sunday.

CHOSE DATE FOR ENCAMPMENT

Bloomington, Ill., April 14.—General John Berton, of this city, commander of the uniform rank, Knights of Pythias of Illinois, tonight announced that he and General Gray, of the Indiana uniform rank, had agreed upon August 15th as the date and French Lick Springs, Ind., as the place for the encampment of the uniform rank of the two states this year. The Kentucky uniform rank will be invited to join them.

BEGIN INVESTIGATION

OF DEFUNCT BANK
DuQuoin, Ill., April 14.—The grand jury here today began an investigation of the defunct DuQuoin bank of Henry Horn, a private institution which closed its doors December 10th, 1914.

More than fifty witnesses were summoned and the entire day was taken up by the testimony of depositors. The jury expects to complete the examination of witnesses tomorrow.

War News Summarized

Germany has come strongly to the aid of Austria in the Carpathian mountains, particularly in the region of Uzok Pass, the key to Hungary by means of which the Russians hoped to open the door to the vast territory lying to the south, and as a consequence the Russian advance which a few days ago seemed to be making marked progress, has been checked.

To the northwest of Uzok, according to the Austrian war office, the entire position occupied by the Russians has been captured. The Russian war office, however, still lays claim to continued, though slight, progress and declares that all counter-attacks have been repulsed and that a thousand new prisoners have been added to those already taken.

In the western war zone, while there is little of interest in the land campaign, the tension among the British people has been maintained by the visit of a German Zeppelin airship, which raided the Tyne district of Northumberland. The Zeppelin crossed the North Sea and dropped bombs on a number of small towns and villages, but no reports have been received as to the extent of the damage done, if any.

THIERFELDER DECLARES HE WILL
NOT VOLUNTARILY INTERN SHIP

Commander of German Cruiser Wilhelm Is Authorized to Take Vessel Into Drydock.

Newport News, Va., April 14.—Lieut. Captain Thierfelder of the German converted cruiser Kron Prinz Wilhelm, reiterated today that he would not intern the vessel voluntarily after newspapermen told him it generally was reported he would tie up his ship here for the remainder of the war.

"I, myself, will not intern," exclaimed the commander. A similar stand, it was said, was taken by Commander Thierichens of the Prinz Eitel Friedrich until the Berlin government ordered the Eitel's internment, deciding against a dash through the cordon of allied warships off the Virginia capes.

Authorization to take the cruiser into drydock was given to Commander Thierfelder today by Collector Hamilton. The cruiser will be moved into drydock Friday. Her condition is such that it will require three weeks, it is said, to complete repairs for which her commander has asked. She is in need of boiler tubes, which must be manufactured elsewhere.

Knowledge of the whereabouts of the operations of the German cruiser Karlsruhe which has sought allied merchant ships in the Atlantic ocean was disclaimed by Captain Thierfelder.

COMMITTEE FROM LEGISLATURE
WILL VISIT THE CITY MONDAY

Assemblymen Will Arrive in Special Car on 6:55 C. B. & Q. and Will Spend Day Inspecting the Three State Institutions.

The special legislative committee appointed to inspect the institutions of the state will visit Jacksonville Monday, April 19, according to an announcement received by Supt. C. P. Gillette of the School for the Deaf, Supt. H. C. Montgomery of the School for the Blind and Edward L. Hill, superintendent of the Jacksonville State hospital for the insane. The assemblymen will arrive in Jacksonville in a special car via the 6:55 C. B. & Q. from the north Monday morning. They will spend the day at the three state institutions and will leave by the 5:13 Wabash for Quincy to inspect the soldiers home. To Jacksonville they come from East St. Louis, making the trip by way of the main line of the Burlington to Concord.

This will be the regular bi-annual visit of the legislative committee to the city and the legislators will be accompanied by Thomas O'Connell, secretary of the Administration. They will look over the Jacksonville properties, will take note of improvements recommended and will collect data for the regular appropriation bills.

The committee will leave Springfield today and will pursue an itinerary which will include all the state institutions. They expect to complete the trip by Monday, April 26.

ANNOUNCES THAT AGRICULTURAL
OUTLOOK HAS GREATLY IMPROVED

WASHINGTON, April 14.—The agricultural outlook has greatly improved, the National Weather and Crop Bulletin of the Department of Agriculture today announces.

Vegetation several weeks late, especially over the southern and southeastern states has made rapid progress, while general farm work of all kinds has been much advanced, except in a few localities where the soil continues too wet. In the corn and winter wheat regions, says the bulletin, wheat, rye and grass responded promptly to improved weather and these crops are reported in good condition, especially in the states west of the Mississippi and in the far northwest while in the more eastern states where rain has been greatly needed, showers during the last few days have much relieved the situation.

ZEPPELIN DROPS BOMBS
ON ENGLISH VILLAGES

NO LOSS OF LIFE OR SERIOUS PERSONAL INJURY RESULTS FROM RAID

Several Small Houses are Damaged—Airship Passes Seaward From Mouth of the Tyne—British Parliament Re-assembles.

New Castle, April 15.—(2:15 a. m.)—A Zeppelin raid was made in the Tyne district of Northumberland county last night. It appears that the Zeppelin reached Blyth from across the North Sea at about 8:10 o'clock, passed over Blyth and Cramlington and proceeded to the neighborhood of Seatonburn. Bombs were dropped on several of the villages passed by the airship—five at Choppington, three at Wallend, two at Seatonburn and one at Bedlington.

No Loss of Life Results.

The airship passed near North Shields and New Castle. While neither city was visited both took precaution against attack by extinguishing the electric lights. Full inquiry shows that no loss of life or serious personal injury resulted from the Zeppelin raid and that although several small houses were damaged the material loss was not very heavy. It was an ideal night. There were no clouds and no wind but the night was dark. The airship sailed at altitude estimated at 2,000 feet and was first supposed at Blyth to be a British machine as it hovered over that town for a few moments. When it was ascertained, however, that it was a German dirigible, the news was telegraphed to all neighboring towns where electric lights were extinguished and the other customary precautions taken to ward off an attack. There appears to have been no panic anywhere.

Follows Track of Railroad.

In addition to Choppington, Wallend, Seatonburn and Bedlington, bombs were dropped on other villages. The Zeppelin followed the track of the railroad. When last seen it passed seaward from the mouth of the Tyne. By 11 o'clock the distance over which the Zeppelin flew had resumed its normal aspect.

The failure of the air raid to cause any serious damage is attributed to the prompt measures taken immediately to plunge all the towns in the district into darkness when the alarm is given.

The belief is that it was the intention of the aircraft crew to drop bombs on the Tyne shipbuilding yard but only one missile fell even near the yard. This did no damage. It is estimated that twenty bombs, a majority of them of the incendiary variety, were dropped but all the fires started by them were quickly quenched. The fact that the town of New Castle was completely missed by the raider undoubtedly was due to the fact that all lights were put out when the Zeppelin was reported.

Parliament Re-assembles.

London, April 14.—(10:35 p. m.)—The British parliament re-assembled today and, simultaneously, Field Marshal Sir John French's report on the British victory at Nueve Chapelle, about which there have been many rumors, was published.

Neither event fully satisfied the curiosity of the public of the matters with which the minds of the people have been occupied within recent weeks. The house of commons sat for only 35 minutes and the expected statement of the ministers on the question of liquor prohibition, the acceleration of the output of munitions and the general progress of the war were postponed until future sessions. The statement of the under-secretary of war, H. J. Tennant, that there was no present intention to prohibit the sale in the army canteens of beer, the only alcoholic liquor now sold at these establishments, indicated, however, that the restrictions to be proposed by the government will not be so drastic as some have been led to expect. Field Marshal French's report goes into the details of the operations during February and March and while he pays the highest tribute to General Sir Douglas Haig, who was directly in charge of the operations at Nueve Chapelle, and refers to the battle as a success and victory, he has some criticism for other officers although he does not mention them by name.

British Lose 12,000.

The British losses, which total more than 12,000, are very close to the estimates recently published, so they create no surprise. The German losses according to this report numbered several thousand dead, 12,000 wounded and many prisoners.

The commander-in-chief repeats his tributes to the services of the aviators and the red cross workers and has a very good word to say for the Canadians, part of whom, Princess Patricia's light infantry, took a considerable hand in the fighting while the rest of the contingent held important trenches during the battle. Since the battles, which Field Marshal French deals the British have had a rest, which the other allies on the western front are now also enjoying after their efforts on the Yser and in the Woivre, although in the latter

MAY BE OVERSHADOWED BY
COUNTER-ATTACK ON OFFICIALS

Interest in Riggs Bank Case Centers in Attack on Bank Officials by Government Charges.

Washington, April 14.—Interest in the case of the Riggs National bank to secure injunctions against Secretary McAdoo and Comptroller of the Currency John Skelton Williams centered today on the question of whether these proceedings might not be overshadowed by a counter-attack upon officials of the bank with proceedings alleging violations of the national bank act. Mr. Williams declined tonight to discuss this phase of the matter or to indicate whether or not the government's case would go beyond civil proceedings. It became known, however, that careful consideration was being given to all statements and correspondence between officials of the bank and the comptroller's office. District Attorney Lasker, whose aid would be invoked in other than civil proceedings was in conference today at the department of justice with Louis D. Brandeis, counsel for the controller and Mr. McAdoo.

Late today Mr. Williams called on Secretary McAdoo and discussed the case. The secretary has been confined to his home since his recent operation.

Before any decision is reached in respect to the government's course, it is said, every bit of evidence in its possession will be examined with the greatest care and resort will be had to a federal grand jury only if treasury officials and counsel are convinced that the law clearly had been violated. Mr. Brandeis spent most of the day looking over the bill of complaint filed in the District of Columbia supreme court by the attorneys for the bank. Every effort will be made to have the government's answer ready on Friday when officials have been cited to show why permanent injunctions should not be issued.

Officials of the bank said today they had no further statements to make at present bearing upon the case.

OBSERVE SEMI-CENTENNIAL OF
THE DEATH OF ABRAHAM LINCOLN

Impressive Exercises Are Held in First Presbyterian Church, Which Lincoln Attended While a Resident of Springfield.

Springfield, Ill., April 14.—Impressive exercises tonight in the First Presbyterian church, which Abraham Lincoln attended while a resident of Springfield, marked the semi-centennial of the death of the former president. One of the features of the program was the reading of a proclamation made by Governor Dunne, inviting the nation to join in an annual anniversary observance of the death of Lincoln. Addresses were made during the evening by Bishop Samuel Ballows and Bishop William Frazer McDowell, Lieut. Gov. Barratt O'Hara, Judge J. Otis Humphrey and former State Senator H. S. Magill. Among those attending the services were Major E. S. Johnson, Clinton L. Conkling and Joseph P. Lindley, three of the surviving members of the famous Guard of Honor which stood sentinel over the former president's body when it lay in state in the capitol in this city, following his assassination at Washington.

Others in attendance who were closely associated with Lincoln were John W. Bunn, Dr. William Jayne, George Pasfield and Major Bluford Wilson.

Members of the supreme court, the state legislature, the G. A. R. and the Spanish War veterans were present.

ARMED MEN HOLDUP FREIGHT;
TAKE TEN TRUCK LOADS OF LOOT

BUFFALO, N. Y., April 15.—Ten armed and masked men held up a New York Central freight train at Sanborn about fifteen miles from Buffalo at 2 o'clock this morning, uncoupled and looted the cars. Ten automobile trucks were filled with the stolen goods.

Engineer Goss of Syracuse escaped from the robbers and ran his engines eight miles to Suspension Bridge for help. The robbers had disappeared when a posse arrived on the scene.

Goss secured a posse of detectives and was back to the scene within half an hour. Hundreds of armed men began scouring the country for the robbers but none of them has been arrested. Several shots were fired at the train crew. The stolen goods were worth thousands of dollars.

going on in the Carpathians and particularly in the neighborhood of Uzok Pass, where the Austrians and Germans have brought the Russian advance almost to a standstill. In Eastern Galicia the Austrians and Germans are trying to outflank the Russians. The Austrians in their official report claim to have captured all the Russian positions to the northwest of Uzok Pass. The Russians on the other hand say that they have made a further slight advance. It is evident that another series of battles must be fought in the mountains before a decision is finally reached.

FREIGHT STRIKES CAR;
THIRTEEN ARE KILLED

TWENTY-SEVEN OTHERS ARE INJURED—THREE ARE EXPECTED TO DIE

Only Three of Dead Had Been Identified Hours After the Accident—Most of the Victims are Foreigners—Wreckage is Pushed a Hundred Feet.

Detroit, Mich., April 14.—Thirteen persons, ten of them women, were instantly killed and twenty-seven others were injured late today in a collision between a Detroit city street car and a freight train on the Detroit, Toledo & Ironton railroad. Three of the injured are expected to die.

Only Three Identified.

Hours after the accident, only three of the dead had been identified. They were:

Miss Gail Gladys George, a school teacher.

Mrs. Zepak Wagorgas.

Louis Kornich.

Misunderstands Signal.

As the car approached the railroad crossing it stopped and the conductor ran ahead to see if the track was clear. He signalled the motorman to wait but apparently, the latter who is said to have been inexperienced, misunderstood his meaning. He applied the power and the car ran rapidly down an incline and on to the railroad tracks.

A string of freight cars being pushed by a switch engine struck the street car fairly in the middle, smashing it almost to bits. The wreckage was pushed along a hundred feet, several of the dead and injured dropping along the street before the train was brought to a standstill. Others were crushed in the splintered mass of steel and wood and it was several hours before they could be extricated and their exact number known. As the dead were taken from the debris they were laid in a row along the street and covered with canvas, pending the arrival of the coroner. Later they were removed to undertaking establishments. Many private automobiles rushed to the scene of the accident and these together with the ambulances which responded to the call for help carried the injured to the hospitals.

Partly Demolishes Buildings.

Several of those so removed were so badly hurt, it is said, they may die. At the place where the accident occurred the railroad tracks occupy a narrow street. On one corner of the intersection stood a grocery and on the opposite side the Delray station of the Detroit, Toledo & Ironton railroad. Both these buildings were struck by the street car as it was carried along in front of the freight train and partially demolished. No occupant of either structure was injured.

WOULD MAKE IOWA STATE BOARD
OF HEALTH A SCIENTIFIC BODY

DES MOINES, Iowa, April 14.—The retrenchment and reform committee offered a bill in the Iowa house today designed to take the state board of health out of politics and make it a scientific body.

Under its terms the board would consist of the deans of the College of Medicine, the homeopathic medicine professor of bacteriology, dean of applied science, professor of preventive medicine, all of the state university; the professor of chemistry at the Iowa State College and the state commissioners of labor.

Any physician in the state under the bill would be able by depositing \$50 to call a special meeting of the board to consider any discoveries he may claim to have made in medicine. If his claims are proven the money is to be returned.

The School Board and the Candidates

Lew H. Pratt, who is the candidate for member of the board of education from the second ward, has been a resident of that ward for twenty-five years. Mr. Pratt is a graduate of the high school. His daughter was educated in the public schools and he has grandchildren today who are attending school in his ward. Through all the years he has kept in touch with the schools and has maintained an interest in them. The custom of long standing in the second ward has been to make party nominations of candidates for board membership. Mr. Pratt was nominated at such a primary, one of the most largely attended ever held in the history of the ward. Although he is a Republican and was nominated at a Republican primary, Mr. Pratt is not an intense partisan, but undoubtedly numbers just as many friends in the Democratic party as in the one to which he belongs. He is a good, careful business man, of such efficiency in his work that he has held but two or three positions during all the time since he finished his high school course. There is every reason, therefore, to say that he is fitted and well qualified for the office for which he is a candidate. If Mr. Pratt has any decided views as to the efficiency or non-efficiency of any present school officer or teacher, no one has heard him express them, and it is reasonable to believe that if elected next Tuesday a member of the board he will begin service on that body unhampered by a single promise, and that in every matter which comes up for consideration, that he can be depended upon to act in the way which he honestly believes will be for the best interests of the schools of Jacksonville as a whole.

The people have reason to be especially interested in their choice of school board members, for aside from the very important matters related to school affairs, the board handles large financial interests in the course of a year. The board's annual expenditures run from \$70,000 to \$90,000, and in spite of the fact that the board through a long period of years has handled its financial affairs with little publicity, yet no one has ever made and substantiated the charge of any financial irregularity. It has often been pointed out that greater publicity in connection with the board's financial affairs would be desirable merely from the fact that such publicity is the intent of the law, and from the further fact that such publicity would be likely to result in a greater economy in the expenditure of the people's money.

The school system of Jacksonville is not perfect and is not likely to be. In past years members have been nominated by political parties and have served as the representatives of such parties, and this will probably continue to be the custom unless the people decide to change the school system and go under the general law. The school system is not perfect, and neither are the schools, but as a general proposition it can be laid down that the schools of Jacksonville average up well with those of other cities in the state. This is true largely because the teaching force of the Jacksonville schools, considered as a whole, is efficient. In a teaching body of sixty-five or seventy members it is undoubtedly true that some of the teachers are not as capable, as efficient, as devoted as are others, but this will inevitably be the case no matter who are the school board members. One can grant that it is not a desirable condition when two members of the board unite with the president, or when three members of the board unite for the control of affairs, and it is undeniable that this very condition has often obtained in the past, less frequently in the last four years. There is no particular reason to think that it may not happen again so long as the board consists of one member elected from each ward and the mayor of the city is the presiding officer, neither is there any reason to have faith that if the city were under the general law that nine members would dwell in continued peace and harmony.

George W. Imgrund, who is the Republican member of the board of education from the first ward, has served as a member from that ward for a number of months by appointment. From the very day that he entered upon the duties of his office Mr. Imgrund has manifested a marked interest and activity in school affairs. He has shown a disposition to thoroughly post himself about school matters and has been willing to devote a large amount of time to his duties, evidently appreciating the importance of the position and feeling honored by it. Mr. Imgrund is young, vigorous

MR. COLLINS AND HIS AUTOBIOGRAPHY

One cannot read even in a hurried way the seventeen-column history of Superintendent Collins' connection with the public school system of Jacksonville without being impressed with the wonderful capacity of the superintendent for minor details. The people are in the habit of giving little heed to the published messages of the presidents of the United States because they ordinarily are so long, occupying seven or eight columns, so that it is not unfair to assume that Superintendent Collins will not find a very large audience of readers, at least, who will carefully peruse his autobiography.

"No one in the Journal office" at this time make the claim to having read the history word by word, for sufficient time has not elapsed since its publication in the Courier of Wednesday evening. A very casual scanning, however, leads one to believe that the history is a recital in large measure of a considerable amount of bickering and strife in the management of school and board affairs of minor importance, in which the public will be little interested. The hurried reading of the history would indicate that there is only one item of any grave importance in the whole and that is the charge, by inference, at least, that George S. Rogerson has been unduly solicitous in behalf of the American Book company. This is a charge by inference because Mr. Collins sets forth that he was approached in Chicago by one Harry Wilson, an agent of the American Book company, who stated that he had been asked by Mr. Rogerson to look up Mr. Collins' record and who stated further that Mr. Rogerson was friendly to the American Book company publications. There is no charge except by inference that Mr. Rogerson's connection with the American Book company was improper. No doubt Mr. Rogerson who has lived long in Jacksonville will have something to say on the subject himself.

The Journal has at no time criticized Superintendent Collins, though it has heard various and sundry complaints, as well as some compliments, for his superintendency. One of the charges most frequently heard against him has been that he has the habit of devoting time to non-essential details. He is known to be a hard and conscientious worker, but the charge has been made that a great deal of his activity is along the line of unimportant matters which lead to nothing in particular. This criticism would seem to be strengthened by the publication of his seventeen-column story of the schools.

orous and impulsive. In his brief career as a board member he has stepped down some precedents, he has made some mistakes, but as a whole his record shows that he has been an able school officer, who is desirous of having the school system a credit to this city. He is a man of ability, who has made a success in his own work or he would not be holding his present important position as general superintendent of the C. P. & St. L. car shops, with more than two hundred and fifty men under his direction.

WITH THE SICK.

Mrs. Jerry Cox of Caldwell street is reported as convalescing after an illness of several weeks.

Miss Anna Reed of 202 South Prairie is reported quite ill at Our Savior's hospital where she was taken to undergo a surgical operation.

Miss Zella Rontzong of North Church street, cashier at the Emporium, has been called to Farina, Ill., by the serious illness of her step-father, T. D. Switzer.

Albert Lukeman of Franklin, who suffered a fractured leg last Monday is resting well according to word from Our Savior's hospital, where he is confined.

Information received by George S. Rogerson is that his sister, Mrs. Sarah C. Russell is in critical condition at her home in North Dakota. Mrs. Russell suffered a stroke of paralysis several weeks since and her condition has grown rapidly more serious.

Richard Moody is dangerously ill. Mrs. William Magill of Springfield is a patient at Pasasvant hospital.

BENEFIT ENTERTAINMENT FOR FREE KINDERGARTEN.

It is not often that the people of Jacksonville have the opportunity to contribute to such a worthy cause as the Free Kindergarten and get so much real enjoyment as they can by attending the entertainment at the Opera House on Friday evening of this week.

The friends of the Free Kindergarten found that some means of raising funds must be devised or the school must be closed. Anyone who has visited these little children in their school could not have the heart to see the doors closed against them.

Over fifty of the people who are interested in this good work have given considerable time and labor to prepare an entertainment that would amuse and make every person doubly happy in making their kindergarten contribution.

If you never watched the people that pass through a Union Depot in a day you do not know what funny looking and acting persons American travelers are.

Some of your neighbors will surprise you in the stunts of these funny

The Journal up to this time has made no comment upon Mr. Collins in a critical way, and would not do so now but from the fact that he has injected himself into the present campaign for school board membership. It is related that he has been active in this matter for weeks and that prior to the nomination of Mr. Pratt and subsequent to the nomination that he has been busy in his effort to bolster up the campaign for Mr. Pratt's opponent.

The action of Mr. Collins is unprecedented in this city. He has been a resident for about two years, is undoubtedly a high class man and a desirable resident. But it is certainly an undesirable situation for the superintendent of schools to spend his time in trying to run the affairs of the board of education and to decide whom the people shall elect to represent them in the several wards as members of the board. He is a hard working superintendent, and if he is an efficient superintendent, he should be content with working for the best interests of the Jacksonville school system and then trust to the board members and to the people for receiving due credit at their hands for the work he has performed. It is not reasonable to suppose that even if members of the board should be elected who are personally unfriendly to Mr. Collins, that if he is an efficient and valuable superintendent and the majority of the patrons of the schools so believe, that he will be removed from office.

Mr. Collins has not been attacked in public print. He may have had difficulties with members of the school board, yet there is no excuse for his rushing into print to air these grievances, any more than there would be to make a long detailed report in the newspapers every time he had a difference of opinion with a student or any discussion of any school affair with his teachers. Mr. Collins has many excellent qualifications as a school official and the Journal has no fight to make upon him, but does not hesitate to say that he is getting clear outside his proper field of activity in attempting to tell the people of Jacksonville whom they should elect members of the board of education, or to tell the people of this city about his opinion of the conduct of any present board member. His one and only concern, as intimated before, should be the welfare of Jacksonville schools. There is plenty to do in the management and up-building of the schools, and a single-minded devotion on his part to these things will result in so occupying his attention that he will not have any surplus time for the management of board of education affairs or for general politics.

people. Every class come to the Union Depot—the duke and the boot-black, the prima donna and the immigrant, the bride and the country beau will all be there. You will be surprised to see how the people of your town look and act. College boys and girls sing their merry songs—the prima donna will be there and the band will play.

Remember that all this work has been contributed and all your money will go to the children.

This play is bright and interesting and has always been well received. Come and please the little ones—please their friends who are producing this play—and please yourself by discovering what great stunts your neighbors are capable of.

Buy your tickets at the box office. The first train will leave on time at 8:15 on Friday evening. If you get left you will miss the picnic.

UNPROFITABLE PROFIT.

Dramatists of Hugo's Day Often Got More Fame Than Money.

From an incident that Victor Hugo jotted down in his notebook, something like seventy or more years ago, we may conclude that the dramatists of that day more often received fame than any more material consideration as a reward for their work. And not infrequently even fame was withheld. "Monsieur Santy," Hugo wrote in November, 1844, "is a former secretary of Thiers. He has written a tragedy called 'Count Edmond'; it is very flat. The piece is played; not a cat in the theater and not a son in the box office. After three performances the tragedy disappears from the repertory of the Odeon. Furious, the author runs to the director, Monsieur Lireux. "Sir," he cries, "you have stopped playing my tragedy!" "Yes," the director replies. "Why?" "Because it brings in no money." "I am told that the receipts were only 100 francs less than the receipts for Casimir Bonjour's 'The Student of Segovia,' and you are still playing that!"

"Only 100 francs less!" says Lireux. "That may be true enough. But you see, the highest receipts for 'The Student of Segovia' were 80 francs." "Youth's Companion."

FACTS ABOUT FEDERAL LICENSES ARE GIVEN

Twelve Are Held in Jacksonville and Each One Has Been Investigated by Police Department.

During recent weeks there has been considerable local comment upon the fact that a number of Jacksonville persons hold federal liquor licenses. In some instances there has been a tendency to criticize Chief of Police Davis because twelve such licenses are held here. In a statement made Wednesday Chief of Police Davis said that in each instance prosecution had been undertaken or investigation had indicated that the holders of the licenses were not violating any law.

The records of the revenue department at Springfield show the following names of persons here who hold licenses which will expire July 1, 1915: Herman Allen, E. H. Doolin, Frank Nichols, Earl Hardy, Obermeyer Drug Store, Chris Railey, Frank Cox, Pete Haxton, John Konrad, Raymond Fernandes, Sylvester Arhuckles, Albert Strong.

The statement made by Chief Davis with reference to each of these cases was as follows: Herman Allen, East Washington street: Allen was indicted by the federal grand jury at Quincy last October, pleaded guilty and was fined \$100 and costs. I arrested Allen a few weeks ago and he now has a case pending in the county court which will be tried April 19th.

E. H. Doolin, North Main street: Mr. Doolin has a wholesale and retail stamp. The way Mr. Doolin is conducting his business I do not believe he is violating the local option law. He is agent for the Schlitz brewery and has a warehouse in Beardstown, and his orders are sent there. After his trouble with government a few years ago Mr. Doolin secured the stamps and I have no evidence that he is violating our local option laws. In fact, I am convinced that he is not violating the law.

Frank Nichols, North Main street: This party was arrested by me a week ago. There is a case now pending against him.

Earl Hardy, East Sheridan street: Hardy was arrested by me a few months ago and fined. On his plea of guilty and his promise to quit the business his case was not presented to the state's attorney.

Obermeyer Drug Store. I have no evidence of any violation of the local option law here and do not believe the law is being violated. Mr. Obermeyer claims it is necessary to have a stamp to conduct his business.

Chris Railey, North Sandy street: There is evidence sufficient in this case to be presented to the grand jury. Railey some time ago attempted to return his license to the government, but such action is against the rules of the collector's office.

Frank Cox, Broadway alley: This party was arrested by me and information filed with the state's attorney. He pleaded guilty and was fined \$75 and given fifteen days in jail.

Pete Haxton, East Washington street: Has been arrested by the federal and local authorities. Plead guilty in federal court and was fined. Later secured a stamp. Plead guilty in county court and was fined \$100 and given thirty days in jail.

John Konrad, Broadway alley: This party has been convicted twice. I had him indicted by the federal grand jury at Quincy last October. He pleaded guilty and was fined \$100 and costs. Previous to this he was convicted by the state's attorney and was given thirty days in jail and fined \$100 and costs. After his conviction in the federal court he secured a government stamp.

Raymond Fernandes, East Lafayette avenue: He has moved from this address, therefore this stamp is void. There is a case pending in court against him, which is set for trial April 21.

Sylvester Arhuckles, West Anna street: I have no evidence against this man, although at one time I believe he had use for a stamp. I talked to him about his federal stamp. He assured me that he was not doing anything. I believe at the present time liquor is not being sold at this address.

Albert Strong, East State street: This party was arrested some time ago on information filed by the state's attorney. In conversation with Strong he said his friends advised him to get a stamp so if he was convicted in the local courts the federal authorities would not molest him. I have no evidence of recent violations.

Chief Davis said further that evidence against bootleggers is very hard to get. As a rule people who patronize these places would rather lose their right arm than give up any information. He also stated that he would appreciate any information that any citizen could give him concerning law violations and that he would consider the information confidential if so desired.

He was brought to Jacksonville Tuesday and is undergoing treatment for burns about the face, eyes and hands.

MATRIMONIAL

Loveless-Leach.

A wedding, charming for its simplicity and beauty, was that solemnized Wednesday afternoon, April 7th when Thad Lee Loveless, of near Gillespie, and Miss Leatha Maye Leach, of west of this city, were united in marriage at 2:30 o'clock at the home of the bride's parents, Mr. and Mrs. L. E. Leach, says the Carlinville Democrat. The ceremony was performed by Rev. Ray Bracewell, of Jacksonville, pastor of the Lynnville M. E. church, using the ring service.

The decorations of pink and white were carried out most beautifully in the Leach home. The ceremony was solemnized under a floral arch in the parlor and many potted plants made the room a bower of flowers.

The music consisted of "Melodies of Love" and march by Lohengrin, Miss Edna Bracewell, of Jacksonville, a friend of the bride, presiding at the piano. "Thou Art to Me" was sung by Rev. Ray Bracewell, just before the ceremony.

The bride was charming in a gown of white chiffon and lace, with pearl trimmings. She carried a bouquet of bride's roses.

Miss Esther Leach, sister of the bride, was bridesmaid. She wore a dainty white dress with pink girdle and carried a bouquet of pink roses. Rolfe Hoch, of Gillespie, cousin of the groom, was best man.

After the ceremony the guests extended their hearty congratulations and then were invited to the dining room where an elaborate luncheon was served. The table was set in dainty china and cut glass, with center piece of pink and white carnations.

The bride is the eldest daughter of Mr. and Mrs. L. E. Leach. She is a well known and highly esteemed young lady, of pleasing personality and many accomplishments.

The groom is the only son of Mr. and Mrs. A. W. Loveless. He is a graduate of Lincoln high school, Seattle, Wash., and later a student at Blackburn University. For the past few years he has been engaged in fruit and stock farming on the farm of his father, four miles north of Gillespie. He is a young man of good business ability and is respected by all who know him.

Amidst a shower of rice and cordial good wishes Mr. and Mrs. Loveless left on the late afternoon train for a brief honeymoon.

After May 1st the bride and groom will be at home to their friends at the home of the groom's parents, near Gillespie.

TODAY OCCURS THE SECOND OPENING IN OUR NEW MILLINERY SECTION. WE WILL TAKE PLEASURE IN SHOWING THE NEW PATTERNS IN SUMMER HATS.

KICKED TWICE BY HORSE.

Thomas McGrath of Murrayville met with quite a painful happening Tuesday evening, when he was unharnessing a horse. The animal became frightened in some way and kicked Mr. McGrath, knocking him down. As he attempted to rise he was kicked again and knocked clear out of the stall. He was afterward taken to Dr. R. R. Jones, who examined him and found painful bruises but fortunately no broken bones.

OLD JACKSONVILLE

Dr. Reed

By Ensley Moore.

Member of Illinois State Historical Society.

Maro McLean Reed, M. D., (who used his name thus, M. M. L. Reed) was born Oct. 18, 1801, at East Windsor, Conn. He was the son of Elijah Fitch Reed, M. D., and Hannah (McLean) Reed. His father was one of the celebrated physicians of Connecticut, and the son early showed an inclination for the medical profession. His desire for investigation probably laid the foundation for study and research which was manifested throughout his life.

He entered Yale College, from which he was graduated in 1822. His great, great grandfather, Major James Fitch, an early patron of that college, gave the glass and the nails (hand wrought) and 637 acres of land, which secured a permanent establishment. Immediately following graduation young Reed commenced his medical studies under Dr. Tully of New Haven, and later entered the Medical school at Pittsfield, Mass., from which he was graduated in 1825.

He practiced medicine in Hartford, Conn., from 1825 to 1830.

Sept. 16, 1830, he married Miss Elizabeth, daughter of James and Parthenia (Bliss) Lathrop, of Hartford, and immediately started for the west, in company with friends, Mr. Elihu Wolcott, and his family, among whom were Eliza, Julia (afterwards Mrs. W. Chauncey Carter), Hannah (afterwards Mrs. Wm. Kirby, mother of E. P. and Wm. A. Kirby), Frances (Mrs. Perry of Keokuk, Iowa), and others. Dr. and Mrs. Reed rode in a one horse stage, to take their wedding journey of over 1200 miles, varied only by a short lift on the Erie Canal. The end of their journey (the whole company) first brought them to St. Louis, Mo., where Dr. Reed was greatly urged to settle. But slavery in state was against it, and they continued their journey into Illinois choosing the small settlement of Jacksonville, where the founding of Illinois college, already gave promise of its becoming an educational center. Here the whole party settled.

Both Dr. and Mrs. Reed united with the Presbyterian church (in which he was an Elder) on their removal to this place from Hartford. Soon after, they, with others united and formed the Congregational church. The first frame house in the settlement was built for them, a one story cottage, consisting of three rooms, a loft and a cellar or basement. There was a large brick fireplace, with its crane, from which was hung the tea-kettle, and the brick oven from which came the baked beans for the Sunday dinner and the good old-fashioned New England pumpkin pies. Later came the first cooking stove, all the way from Cincinnati. What luxury after the little cramped log cabin!

Dr. Reed was a strong Abolitionist, and suffered considerable mild persecution from the Southern element in the town, because of his anti-slavery views. He was also a champion of total abstinence, having joined the new temperance movement, while a student at Yale, at a time when professional men of high standing used brandy as a custom in their homes, almost universally. His father, also a physician, was greatly offended when his son first declined to join him in the evening "night cap." The gentler side of his nature was shown in his devotion to the sick poor. The art of healing amounted to a passion with him, payment for his services being altogether a secondary consideration. He did not think his professional dignity lost anything by his walking half the night, with a sick baby in his arms, in a caecless farm-house, to let the over-taxed mother have a little rest. He practiced medicine in the Allopathic school for 25 years, and, after careful study and investigation, he changed to the Homoeopathic system, to which he adhered with ever increasing confidence until his death, in Jacksonville, June 28, 1877. His pastor spoke at his funeral most tenderly taking as his text "The Beloved Physician," which found echo in many hearts.

He was a descendant in the ninth generation of the Mayflower Pilgrim Gov. Wm. Bradford, also a lineal descendant of Rev. Henry Whitfield, a staunch Puritan, a gentleman, a scholar and a great divine, who landed at the port of New Haven in 1639, and for whom in the same year, the "Old Stone House," still standing in Guilford, Conn., was built—Connecticut's oldest house. It was the property of the state, with eight acres of land, Sept. 28, 1900.

Mrs. Reed, who was a lineal descendant in the ninth generation of Mayflower Pilgrim Elder Wm. Brewster, ably seconded her husband's efforts. For years she held in her home a Bible class for colored girls, who were not welcome in the churches and taught them to read. She was one of a number of ladies who formed the first women's club in the state, the "Ladies Education Society," its object being to help poor girls get an education, and the good work is still being carried on. After Dr. Reed's death, Mrs. Reed, with her daughter Harriet remained in Jacksonville for a few years, and then joined her youngest daughter, Mary, in Middle town, Conn., until early in the eighties, they both went to California to be with her daughter, Julia, whose husband was at that time President of the University of California at Berkeley. In 1885, when Mr. Reed founded the Belmont school for boys, she went there with them. There she passed the rest of her ninety-six years and six months. Her serene presence in the school as one said "was like a benediction." She died Feb. 9, 1904 and as she was borne out from her earthly home, some one said: "It's like the passing of an angel."

Dr. and Mrs. Reed who lived latterly on West Morgan street, were the parents of nine children, four of whom died in infancy. The five who lived to maturity were Harriet, Albert Hale, Maria Lathrop, Julia and Mary Eliza. Harriet's life was one of devotion to her parents and brother and sisters. She was a graduate of Jacksonville Female Academy, where she afterwards taught, as well as in the public schools and in the Illinois School for the Blind. In 1885, she became a member of the faculty of Belmont school, where she was much loved and trusted, giving 25 years of devotion to the interests of Belmont school. She died in May, 1910, and when Harriet Reed passed into the realms of glory one of earth's best entered into a rest long deserved.

"Albert Hale, a graduate of Illinois College, (in the class of 1859) and of Andover, Mass., Theological Seminary, married Miss Julia Wentworth of Greenland, N. H., in 1868. Their home was in Jacksonville where their four children, Elizabeth, Julius Alexander, Wm. Thomas and Jennie (who died in infancy) were born. Later they removed to Newton, Iowa, where Albert is still living with his daughter Elizabeth."

Mrs. Reed died in 1913, and she was another of the devoted ones of earth.

Julius Alexander is married and living in New York city. Wm. Thomas is married and living in Tucson, Arizona.

Maria Lathrop was a teacher of the piano. Oct. 4, 1866 she married Joseph Wilson Thompson. They lived in Meredosia a number of years, until they removed to Jacksonville (northwest corner of Mound avenue and Lockwood Place) and from there in 1891, to Belmont, Cal., and in 1904 to Berkeley, Cal., where they still reside. They are the parents of three children: Maro Reed, Sara Lathrop and Harriet Reed.

Maro Reed Thompson married Eleanor Clements in 1889. They are the parents of five children: Katherine McLean, Allyn Clements, Paul Bradford, Donald Corey and Maro Wilcox. The family home being in St. Louis, Mo., Katherine McLean is Educational Secretary of the Young Woman's Christian Association of Oakland, Cal.; Allyn and Paul are in business in St. Louis, and Donald and Maro are school boys.

Sara Lathrop Thompson was married in June, 1898, at Belmont School, where she was Principal of the Lower School, to Oscar Nettleton Taylor, M. D., of San Francisco. Eye, Ear, Nose and Throat specialist. He was spoken of by physicians of high standing in San Francisco as the "coming man" in these specialties. He died in 1909. One of the professors of the University of California, of which he was a graduate, said of him: "Oscar Taylor is a man above reproach in every walk of life." He left no children. Mrs. Taylor's home is in Berkeley.

Harriet Reed Thompson, after preparing to enter college, decided to make a specialty of music, and after working a number of years under the best music teachers of San Francisco, went to New York, where she was a pupil on the piano of Edward McDowell, and took the course of music at Columbia University, and studied Harmony and Counterpoint at Columbia University under Homer Norris. After Mr. McDowell's death she went to Boston, and was a pupil on the piano of Madame Helen Hopkirk, one of Leschetizky's most noted exponents in this country. In 1908 she returned to California, her home being in Berkeley with her parents, where she established herself successfully as a teacher of the piano, etc., in Berkeley and in San Francisco.

Julia, seventh child of Dr. and Mrs. Reed (spelled ee) married Wm. Thos. Reid (spelled ei) Aug. 16, 1870. They went at once to Newport, R. I., where he was superintendent of schools. In 1871 he became Assistant Head Master of the Boston Latin School. In 1873 he went to Brookline, Mass., as superintendent of schools, in 1875 to San Francisco as Principal of the Boys High School, in 1881 to Berkeley, Calif., as President of the University of California, and in 1885 founded the Belmont School, a preparatory school for boys. This school ranks first among preparatory schools on the Pacific coast, preparing boys for Harvard, Yale and all first class colleges in the country.

Prof. and Mrs. Reid are the parents of two children, Julia Frances and Wm. Thos., Jr. Julia Frances, a graduate of Wellesley College, married Charles Wesley Willard, a graduate of Harvard, a lawyer. They were married in 1898. They have no children. Wm. Thos. Reid, Jr., a graduate of Harvard, married Christine Lincoln, of Brookline, Mass., and after a tour in Europe, they settled at Belmont School. A few years later he moved with his family to Brookline, Mass. He is in business in Boston. He is the father of four children.

Mary Eliza, Dr. and Mrs. Reed's youngest child, married Francis A. Blackburn, at that time Principal

of the Boys High School in San Francisco, and a few years after a teacher in Belmont School. When the Chicago University was founded Mr. Blackburn received the appointment of Professor of Philology, and has occupied the position until now. Mrs. Blackburn died in 1900, in Chicago. She left no children.

All of Dr. and Mrs. Reed's children were members of the Congregational church. Prof. Wm. Thomas Reid is a native of Jacksonville, being the son of a brother of Mrs. Sarah Reid Capps, mother of the Capps family of this city. He served in the 68th regiment Illinois volunteers during the war. He was a student of Illinois College and a member of Sigma Pi Society.

CAPT. SMITH TELLS ABOUT HISTORIC MENU CARD

Recalls Notable Gathering of Veterans in 1874.

The National Hotel Reporter in a recent issue gives the following notice of a menu card called to their attention by Capt. Alexander Smith of this city, the card has historic value from the fact that it was issued at the 8th annual banquet for the Society of the Army of the Tennessee in 1874. The Hotel Reporter's notice was as follows:

"Captain Alexander Smith, the veteran hotel keeper of Jacksonville, Illinois, has sent to the editor of the National Hotel Reporter, a souvenir menu card, which he refers to as 'a patrid remembrance of the long ago.' It is the menu of the eighth annual banquet of the Society of the Army of the Tennessee held at the old Leland Hotel in Springfield, Illinois, October 25, 1874—more than forty years ago. The list of speakers included many distinguished names, everyone of whom, as Captain Smith points out, 'has long since answered the soldier's last tattoo on fame's eternal camping ground.' The list includes General John Pope, Major General John A. Logan, Major General John M. Palmer, Major General William Tecumseh Sherman, Major General W. W. Belknap, General L. McDowell, and General A. L. Cretlain. Captain Smith in his very interesting letter accompanying this menu says: 'What I wish to particularly call your attention to is the list of "eats" that was served upon the great and glorious occasion. Who, in these days of Eiffel Tower prices, would be able to cough up enough coin of the realm to have a look in at such a feast?' Captain Smith concludes his letter with this very pleasing information: 'I am in excellent health again and may join the boys on their H. M. B. A. trip to Dixie's land.'"

LOOKING FORWARD

I often wonder how this globe will struggle on when I cash in. When I put on my long white robe and sleep with cold but peaceful grin. I find it hard to realize that sun and moon and stars will shine, that clouds will drift along the skies, when everlasting sleep is mine. What is the use of keeping up the long procession of the spheres, when I'm beneath the buttercup, with gumbo in my eyes and ears? What is the use of dusk or dawn, of starless dark or glaring light, when I from these scenes have gone, down to a million years of night. Young men will vow the same sweet vows, and maids with beating hearts will hear, beneath the churchyard maple's boughs, and reckon that I'm resting near. And to the altar, up the aisle, the blooming brides of June will go, and bells will ring and daisies smile, and I'll be too blamed dead to know. Ah, well, I've lived and loved and shut the door; and when this little journey's done, I'll go to rest without a roar.

BETTER THAN CALOMEL

Thousands Have Discovered
Dr. Edwards' Olive Tablets
are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids.

It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "luggish" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. At 10c and 25c per box. All druggists.

The Olive Tablet Company, Columbus, O.

WHEN YOU WASH YOUR HAIR DON'T USE SOAP

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mulified coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

ALEXANDER SHUTS OUT WORLD'S CHAMPIONS

PITCHES REMARKABLY WELL
FOR OPENING GAME.

Spectacular Fielding by Whitted and Bancroft Aids Materially in Advance of Phillies—Speedy Base Running Gives Opener to Cubs.

Boston, April 14.—The Braves received a setback from Philadelphia today at the start of their quest for a second pennant. With Alexander pitching remarkably well for the opening game of the season, the world's champions were shut out 3 to 0. Spectacular fielding by Whitted and Bancroft, recent additions to the visitors' ranks, aided materially in their success. Besides the customary flag raising and mayor's introduction of the ball, the opening ceremonies included presentations to Duguey and Whitted of the Philadelphia team. The gifts were made by the Braves, through Manager Stallings. Duguey and Whitted were members of the Boston team when it won the championship last fall.

Chicago, 7; St. Louis, 2.
Chicago, April 14.—Speedy base running and St. Louis' numerous errors gave Chicago so many runs that Vaughan's pitching disk was easy and the opening game of the season went to the locals. Not until the eighth inning did Vaughan permit a visitor to reach third base. He struck out eight. Sallee was poorly supported and extra base hits by Fisher and Sailer and by Archer helped in the rout of the Cardinals. Long's three base hit was the main factor in scoring the St. Louis runs.

St. Louis, April 14.—Chicago and St. Louis opened the American league season here today by a thirteen inning game which the visitors won by 7 to 6. In the last inning Fournier's triple brought in Brief and Schalk, who had singled. On the following out Fournier came in with the winning run of the game. In the same inning St. Louis also took on new life and scored twice but fell a run short of tying the score again.

Mayor Kiel, pitched the first ball. Governor Major of Missouri and many other notables were present.

Philadelphia, 2; Boston, 0.

Philadelphia, April 14.—Heno Pennock was in such wonderful form in the opening championship game between Philadelphia and Boston here this afternoon, that the latter team was not only shut out by 2 to 0, but it was not until two men were out in the ninth inning that the visitors made their lone hit of the contest. Then Hooper bounced a single over Pennock's head. Lajoie made a desperate try for the ball but he could not hold it with one hand and Pennock lost his chance for a no-hit mark. Shore was effective except in the seventh inning when Philadelphia scored its runs on a pass, two safe bunts, fielder's choice and a scratch single. Both teams put up a perfect fielding game. And now it's KRUMBLES — the new Kellogg breakfast food — the first Wheat breakfast food with a *real* wake-up-and-hustle-down-to-breakfast taste.

The *whole* of the Wheat—cooked, "krumbled" and delicately toasted. All the body-building food value of the wheat, the protein, the phosphates and mineral salts so necessary for growing children—plus a flavor that is always new.

For thousands of years, wheat has been hiding this KRUMBLES flavor.

Look for this Signature—

10 cents, in the Kellogg WAXTITE package, which keeps the fresh, good flavor in—and all other flavors out.

Now is the Time to Let Us Take Your Measure for That Light Weight Suit!

THESE RIGHT WARM DAYS WILL BE THE REGULAR ORDER OF THINGS ALMOST BEFORE YOU BEGIN TO REALIZE IT.

We believe that our work on your winter garments proved satisfactory to you, and for that reason, if no other, we should like the opportunity to show you the new and beautiful weaves for this season's wear, and the opportunity to prove to you that you may possess and wear tailored-to measure clothing at as little cost as the kind that is made to fit just anybody.

The Newest Thing Brought Out and a Thing That Really is Remarkable!

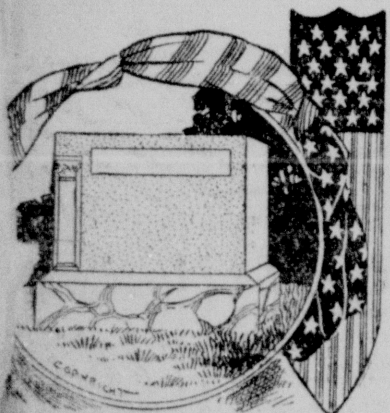

Is our model suit maker. The wonderful point about this maker is that after you have selected a pattern, you think might please you, we put it into this maker, where the pattern is instantly molded into suit shape, showing you exactly how the finished garments will appear. This great invention gives you the last word in satisfactory suit pattern selection. You may select as many different patterns as you like and have them molded for you and the final result is bound to be absolute satisfaction on your part.

OLD SOLDIERS OUT

ON FURLONGS

When the springtime of the year
arrives at the Soldiers and Sailors
Home at Quincy, and the April pen-
sion day comes at about the same
time, it gives to many almost one-
half of the residents a desire to
visit their former homes and the lo-
calities where they were at home
before the war. Wednesday, two
well preserved gentlemen were at a
railroad station awaiting trains and
it was ascertained upon inquiry that
they were out on furlough—or leaves
of absence from the Home. One of
them was J. G. Patterson, formerly
a resident of Modesto, and during
the war a member of the 152nd Ill.
Inftry., who was going to Franklin
for a visit with his daughters, Mrs.
Lafayette Thompson and Mrs. Cla-
ton Padgett. The other gentleman
was J. A. Wall, who was a soldier
in the 44th Ill. Inftry., and was for
a number of years previous to the
war engaged in newspaper work at
his old home in Mt. Vernon, Jef-
ferson county. Mr. Wall was going
to his former home for a visit with
friends of long ago.

Terrance Brennan made a busi-
ness trip to St. Louis yesterday.

Collection and adjournment.

FOR WEAK, SOUR
GASSY STOMACHS

It's torture to sit down to a well
filled dinner table and know that to
eat what you want means misery af-
terwards. Eat ever so little of the
forbidden foods and you have to take
soda mints, peppin pills or other
artificial digestants to stop the bloat-
ing, heart burn, sourness, gas and
stomach lump that always follows.
But the more of them you take the
more you must and soon the pills
become a part of your regular diet.
You think you can not eat without
them, but you can.

There is an old time stomach pre-
scription called Mi-o-na Stomach
Tablets that acts directly on the
stomach itself and not on the food.
One or two Mi-o-na tablets after
each meal not only prevents all
stomach distress but stimulates
healthy natural flow of digestive
juices, strengthens the muscular
walls and makes the stomach strong
enough to do its own work and
that's the only way to stop indiges-
tion. Coover & Shreve and other
dealers sell Mi-o-na on a guarantee
of quick relief or money back. Get
a package of Mi-o-na, keep it handy
and watch your stomach ills get out
for good.—Adv't.

ILLINOIS STATE NEWS

Disease Prevention Week—Pitts-
field will have a disease prevention
week, April 19-24. Every bit of
rubbish, all filth, dead brush or
anything in the way of rubbish, will
be burned and every place thorough-
ly fumigated and disinfected.

Butler Undergoes Operation—The
Rev. Charles Butler, formerly choir
leader for Rev. Billy Sunday, who
sang in Jacksonville when the Sun-
day revivals were held a few years
ago, was operated on Tuesday at
the Springfield hospital for an ab-
cess of the leg.

Asks for Third Trial—Abe Bark-
er, defendant in a \$10,000 damage
suit brought in Springfield by Nel-
lie Cantrall whose son was killed by
Barker's automobile more than a
year ago, asked for a third trial of
the case after a jury returned a
verdict assessing damages at \$3,000.

Isaac Flynn Dead—Isaac Flynn,
father of Chief of Police H. E. Flynn
of Mt. Sterling, died at his home in
the south part of the county Tuesday
morning, after an illness extend-
ing over some time, of Bright's dis-
ease. He was 75 years old and
had resided in Brown county practi-
cally all his life.

Died of Blood Poison—Harold
Davis, aged 10 years, son of Mr. and
Mrs. George Davis, died early Tues-
day morning at St. Mary's hospital
of blood poisoning after a long ill-
ness. He was born in Mt. Sterling
and had lived there all his life, be-
ing brought to Quincy and the hos-
pital on January 8.

All Wires Underground—The
Lexington Home Telephone com-
pany of Lexington, Ill., are placing
all of their wires underground, in-
side of the corporation lines. All
country, city and toll lines will be
carried into the central office
through underground cables, thus
eliminating almost all of the over-
head wires.

Taxi-Driver Murdered—Edward
Sale of Coal Mine—The deal for
the sale of the Christian County
coal company's mine at Taylorville
to the Peabody Coal company, own-
er of the mines along the Midland
and virtually owners of the Spring-
field Coal company mine in Taylor-
ville, will be consummated in a few
days, according to the authentic in-
formation received Monday.

Zerbe of Moline, 24 years old, a
taxi-cab driver, was murdered by
unknown parties on a lonely road
between Hampton and Watertown,
near Moline last night, and his body
was dragged into a clump of wil-
lows, where it was found this morn-
ing. The machine was driven back
to Moline and left on a street.

Undertaker's Wife Killed—O. E.
Sharp, a prominent undertaker of
Ramsey was fatally injured and his
wife instantly killed shortly after
six o'clock Tuesday evening when
the Ford automobile turned over
1 mile south of Ramsey. There were
no other witnesses to the accident
but it is supposed that Sharp lost

control of the car descending a
steep grade.

Alton Employee Injured—Samuel
Murphy, assistant roadmaster at Al-
ton for the C. & A., was injured
yesterday at that place, when a
gasoline speeder, on which he was
riding, jumped the track and bruised
him quite badly. The young
man was found by some of his fel-
low workmen and later taken to
St. Joseph's hospital, where medical
attendants discovered he had sus-
tained a compound fracture of the
leg and other bad bruises.

To Pick Speaker—The annual
literary and declamatory contest of
the Greenview high school will be
held Friday evening. The winner
of the literary contest will repre-
sent the local school in Petersburg
May 14 and the declamatory winner
will enter the contest in Jackson-
ville May 7. Mildred Edwards, Eb-
ba Lundberg, Anna Johnson and
Homer Hardin are entered in the
declamatory. Marie Bradley, Jack
McDonald and Henry Mathews in
oratory.

THE BATTLE FRONT

Petrograd, Russia: Feb. 16, via Lon-
don.

The number of head and arm
wounds of the men at the front is
enormous, for men in trenches ex-
pose only their heads and arms.
Many hundreds are hit in the head
and death does not result from the
wound. Occasionally one may see
the slightly wounded walk back with
heads bound up or arms in slings.
Motor trucks loaded with wounded
tear along the roads leading back
from the extreme front. Perhaps
forty percent of the wounded are
back on the firing line after three
months' care and rest in a hospital.
It all depends on a man's health and
blood. If the blood is pure and
good, the soldier gets the first aid,
proper treatment and his wounds
heal by first intention.

Good blood is everything to every
man. It means fresh strong nerves,
good digestion, good circulation.
Those who have used Dr. Pierce's
Golden Medical Discovery marvel at
the way it checks blood diseases.
See a man today with skin all
broken out; see him a few weeks
later after using the "Discovery,"
his skin is all cleared up, eyes
bright, and he is contended with
himself.

The foundation of good health is
good blood! Are you pale? Are you
weak? Are you no longer ambitious
or energetic? Have you pimples or
boils? Do you suffer from headaches,
low spirits? Then you are anemic—
your blood is thin, lacking in health-
giving, strength-giving red corpuscles.
Then your blood is impure—and
your liver not up to its task of
clearing the blood from the poisons
accumulated.

Dr. Pierce's Golden Medical Dis-
covery is a temperance remedy that
will restore to you rich, health-giv-
ing blood—a remedy proved by ex-
perience (in tablet or liquid form).
It is a glyceric extract of roots from
our forests, known to science as
those which will best give the stom-
ach, liver and bowels needed help.—

WORLD'S MARKET NEWS

WHEAT PRICES SHOOT UPWARD NEARLY TEN CENTS A BUSHEL

Market Finishes Wild at 3 1/2 to 6
Cent Advance—Corn Bulges as a
Result of Improved Cash De-
mand.

Chicago, April 14.—In one of the
most excited markets since the be-
ginning of the war, wheat prices to-
day shot upward nearly ten cents
a bushel and finished wild 3 1/2 to 6
above last night. The trade was
stampeded by fear that virtually ex-
hausted reserves throughout the
world would have to be faced be-
fore the first of the new crop in
the United States could be gath-
ered.

Other staples hardened with
wheat but the gains were compara-
tively small—corn 3/4 to 1 1/4c,
cows 1/2 to 3/4c and provisions 2 1/2c
to 7 1/2c.

Evidence that the buying force
back of the excited advance in wheat
came chiefly from the big short in-
terests appeared in the fact that the
advance of values for July and Sep-
tember, the new crop deliveries was
greater than for May, which repre-
sents contracts for wheat already in
store. Remarkably heavy purchas-
ing of July by a large house iden-
tified with one of the most promi-
nent speculative leaders on change
was what first alarmed the rank and
file on shorts, who had withstood
with relative indifference, word of
huge export sales having been made
yesterday at the seaboard. It was
not long before other strong inter-
ests took to the buying side and
when the final hour of the session
was at hand the pit was soon in a
whirl.

Word that the British govern-
ment had decided to cease buying
wheat was interpreted to mean a
free for all scramble on the part of
other large consumers and was al-
so taken to indicate that Great Brit-
ain had acquired control of a much
larger amount of wheat than has
heretofore been supposed was the
case. In this campaign, sharp at-
tention was given to a report that
Argentina would have shipped half
its surplus by the end of April and
that reserves in the United States
were already nearly 50,000,000 bush-
els less than at this time a year
ago.

Profit-taking by longs just before
the close broke the wheat market
back four cents from the top level
reached. Eager buying, however,
quickly absorbed all the offerings
and it seemed plain that bullish
sentiment was decidedly uppermost
when the final gong rang.

Corn bulged not only on account
of wheat strength but as a result
of improved cash demand. It could
not be verified, however, that ex-
port buying had been enlarged.
Houses that generally act for Can-
adian exporters took hold freely in
the oats crowd. Big clearances of
cattle at the seaboard tended also to
help the bulls here.

LEAVES FOR MONTANA.
S. C. Crispin, who has been for
nine years a supervisor at Jack-
sonville State Hospital, left last night
for Helena, Mont. Mr. Crispin has
been especially efficient in his work
at the hospital, and the esteem in
which he is held by his associates is
evidenced by the fact that a \$200
gold piece was given him by the
men employees and a party in his
honor was planned by the young
women. At previous times Mr. Cris-
pin has been given a Masonic ring
and a gold watch by his associates.

Rheumatism? Here Are Some Real Facts

How to Overcome the Tor-
ture Without Harm-
ful Drugs.

A legion of people have used S. S. S. and
have overcome the worst forms of rheu-
matism.

This disease of the blood is little under-
stood because of its strange symptoms,
scarcely two people having it exactly alike.
And yet, no matter what its form or how
painful and distressing, S. S. S. seems to
have almost a divine influence in driving it
out, relieving the nerves from pain and clear-
ing the joints and muscles so they work with-
out restraint. The best explanation for this
happy result is the fact that in S. S. S. are
certain ingredients which act as an antidote.
They are nature's provision to man.

Just as the meats, fats, salts and sugars of
our daily food provide us with nourishment,
so does S. S. S. give to the blood the exact
medicinal requirement to clear the stream,
drive out impurities and reconstruct the
body if destructive germs have gained a
foothold. Go to any drug store today and
get a bottle of S. S. S. It will do you good.
But be sure to refuse any and all substitutes.
And if you are in a stubborn case, write to the
Medical Adviser, The Swift Specific Co., 109
Swift Bldg., Atlanta, Ga. This department
is presided over by a physician proud of his
name by virtue of his distinguished family
and a foremost doctor on his own merits.

DON'T SUFFER WITH NEURALGIA

Musterole Gives Delicious Comfort

When those sharp pains go shooting
through your head, when your skull
seems as if it would split, just rub a little
MUSTEROLE on the temples and
neck. It draws out the inflammation,
soothes away the pain—gives quick
relief.

MUSTEROLE is a clean, white ointment,
made with oil of mustard. Better
than a mustard plaster and does not blister!

Doctors and nurses frankly recom-
mend MUSTEROLE for Sore Throat,
Bronchitis, Croup, Stiff Neck, Asthma,
Neuralgia, Congestion, Pleurisy, Rheu-
matism, Lumbago, Pains and Aches of
the Back or Joints, Spains, Sore Mus-
cles, Bruises, Chills, Frosted Feet—
Colds of the Chest (it often prevents
Pneumonia).

At your drugist's, in 25c and 50c jars,
and a special large hospital size for \$2.50.
Be sure you get the genuine MUSTEROLE.

COURT NEWS

Licensed to Marry.

Louis H. Nienheuser, Concord;
Lizzie S. Eilers, Concord.

Added to the Docket.

One case was added to the docket
yesterday for hearing at the May
term of court when Judge Layman
filed a suit in confession, Everett
Burnett vs. E. E. Fox.

Taken to Insane Hospital.

Rice Tapscoott, of Hardin avenue,
was taken in charge yesterday by
Deputy Sheriff Harry Norris and
placed in Central Hospital for a pe-
riod of ten days observation.

Probate Court.

In the estate of Sarah Beesley, the
petition for the probate of the will
received and hearing set for May
10.

In the estate of Jesse Loughary,
the petition for letters testamentary
was filed and letters ordered to issue
to Martha Loughary.

In the estate of John Murray, the
final report was received and distribu-
tion was ordered.

In the estate of Nettie Goodrick,
deceased, the inventory was approved.

Two Wills Placed on Record.

The will of the late Miss Margaret
Catin has been filed in the office of
the county clerk. It bears the date
of Feb. 28, 1908, with W. C. Green
and George L. Merrill as witnesses.
The testatrix made minor bequests
to Lucy C. Catin, Charles Catin,
A. Abbot Brinsmale and Thomas W.
Catin. She directs that the home
property on West State street shall
be given in fee simple to her other-
er, Charles Catin, and her niece,
Miss Lucy Catin, and they are also
to inherit whatever else there may
be in the estate, and they are named
as executors.

The will of Mrs. Sarah G. Beesley
has also been filed. It was drawn
June 29, 1911, witnessed by Miss
Louise Gordon and Julian P. Lippincott.
Mrs. May Beesley Adam and
James G. Beesley are named to ex-
ecute the will. Mrs. Beesley provided
for the payment of any debts,
and gave the household goods to her
daughters, Mrs. May Beesley Adam
and Miss Helen L. Beesley. They
are to have the home property at
206 Caldwell street for life, or it
may be sold and the money divided
between them, all except the sum of
\$500 which is to be spent for the
musical education of the grand-
daughter, Dorothy B. Adam. The
executors if they choose may sell
the property and reinvest not more
than \$3,500 in another home.

It is directed that the farm prop-
erty shall be sold in accordance
with the judgment of the executors
and from the proceeds, \$1,000 shall
be paid to each of the daughters and
then the remainder shall be divided
equally amongst the two daughters
and the two sons, John H. and James
G. Beesley. After the death of the
daughters the home place is to be
sold and the same distribution made.

A codicil to the will made Jan.
19, 1912, directs that after Mrs.
Beesley's death and the sale of the
farm property that \$600 be paid to
John H. Beesley and the remainder
be held for him in trust, and at his
death that his share be divided
among the surviving children. This
codicil was witnessed by George Hall
and Julian P. Lippincott.

GOES TO ST. PAUL.

Dr. F. M. Rule, who has been
spending a number of months in the
city with his brother-in-law, Capt.
Alexander Smith, has gone to St.
Paul, Minn., where he will occupy
the pulpit of the Methodist church,
of which Dr. Charles M. Pacy is
pastor, during the vacation of the
pastor. This is the largest Metho-
dist church in the state of Minne-
sota, and the building is an excep-
tionally fine one. It is after a Col-
onial design, and with a broad porch
across the entire front, supported
by enormous pillars.

TAXES! TAXES! TAXES!

Taxes not paid by May 1, or if
paid through the banks, if receipts
are not received in my office by
May 1st will be subject to a penalty
of one percent and advertised as
soon thereafter as a list of delin-

BUILDING GARAGE.

E. A. Schoedsack is having built
at his home on East State street a
large and nicely arranged garage,
with a concrete floor and approaches
from the street to the garage of the
same material. He is preparing a
place for a new auto which is ex-
pected to arrive in a short time.

EUROPEAN WAR NOTES

Vienna, via London, April 14.—
(5:50 p. m.)—The following state-
ment was given out today at the war
office:

"In general the situation is un-
changed. On the Carpathian front
in a majority of the sectors there
were artillery engagements.

"Northwest of Uzsook pass the en-
tire position occupied by the Rus-
sians was attacked and conquered
by the nineteenth and twenty-sixth
Hungarian infantry regiments.

"In southeastern Galicia and in
Bukowina all is quiet."

London, April 14.—(12:15 p. m.)

Field Marshal Sir John French, com-
mander of the British expedi-
tionary forces on the continent, re-
ports the British losses in the three
days' fighting at Neuve Chapelle as
follows:

Killed: 190 officers; 2,337 men.

Wounded: 359 officers; 8,174
other ranks.

Missing: 23 officers; 1,728 men.

Field Marshal French's report
continues:

"The enemy left several thousand
dead on the field and we have posi-
tive information that upwards of
12,000 wounded were removed by
train. Thirty officers and 1,557 of
other ranks were captured."

Petrograd, via London, April 14.

(8:55 p. m.)—An official com-
munication issued by the war office
today says:

"Fighting continues in the region
of the Uzsook Pass.

"During the night of April 13th,
our troops made slight progress and
repulsed with success repeated coun-
ter attacks of the enemy in heights
south of the line of Volosat-Buko-
vitz. We captured about 1,000 pris-
oners and two machine guns."

"Attempts of the enemy to assume
the offensive on the heights south of
Kozlouwka and in Bukowina on the
right bank of the river Pruth in the
region of Czernowitz failed.

"Complete calm reigns on the other
sectors along our front.

"Everywhere the spring thaw is
making the roads very bad."

HAS COMPLETED BIG
PLANTING TASK

A. M. Masters Now Has More Than
Four Hundred Acres in Sweet
Clover.

Arthur Masters has recently com-
pleted the task of "liming" and
seeding 380 acres of sweet clover
on his farms in Murrayville pre-
cinct. In addition to this large
acreage he has sowed 72 acres of
blue grass in sweet clover, by dis-
cussing the ground and then planting
the seed with a drill, his purpose
being of course to improve this land
for pasture purposes. It has been
no small task to put the lime on
this large acreage, and 14 cars of
ground limestone have been used in
the work. Shipments of the stone
were commenced in January, and
the last car was but recently un-
loaded and distributed. The stone
was hauled in ordinary farm wag-
ons and was spread on the fields
with ordinary short-handled shovels.
After a few days' experience the
men had little difficulty in gauging
the proper amount to spread in or-
der to apply an average of a little
more than two tons to the acre.

The whole process of placing the
lime on the land and planting the
seed has been expensive, but Mr.
Masters believes that the results
will fully justify the expenditure of
time and money required.

RATE HEARING TODAY.

As previously stated, the hearing
of the city's side of the electric and
gas rate case before the Illinois pub-
lic utility commission will begin in
Springfield this morning. City officials
and quite a number of citizens
expect to attend the hearing, and
most of them will go over in auto-
mobiles, starting this morning at
7:30. The hearing is scheduled to
begin at 9 o'clock.

HAVE NEW CARS.

Gates Straun recently purchased
from C. N. Priest a Sedan Ford car,
which is the first of that type and
make received in the city. It is
very completely equipped.

R. R. Stevenson yesterday pur-
chased from Mr. Priest a 5-passenger
touring car equipped with electric
lights and starter.

WOMAN'S FOREIGN MISSIONARY SOCIETY IN DISTRICT MEETING

Many Helpful Points Brought Out at Sessions Wednesday in Centenary M. E. Church—Two Missionaries Addressed Women.

With a symposium in the forenoon on "Secrets of Success" and addresses in the afternoon by Mrs. Joseph C. Tate, Miss Winifred Muir of Nanking, China, and Miss Kate B. Blackburn of Lovetch, Bulgaria, the sessions of the Woman's Foreign Missionary society, Jacksonville district, Wednesday at Centenary M. E. church, were full of profit and replete with interest for all who attended. At 3:30 o'clock there was held a devotional service under the leadership of Mrs. G. W. Flagg, and at 10 o'clock was begun the symposium by district officers, with Mrs. M. B. Keplinger of Franklin, district president, leading. Mrs. Samuel Darley of Durbin was recording secretary.

The symposium sub-topics and leaders follow:
"The Woman at the Head"—Mrs. Keplinger.
"How May I Assist the President?"—Mrs. R. A. Gates, second vice-president.

"A Prompt Correspondent"—Mrs. M. C. Dohm, Greenfield, corresponding secretary.

"A Good Money Gifter"—Mrs. J. I. Graham, district treasurer.

"What Shall We Read?"—Mrs. J. W. Miller and Mrs. Tate.

"That Little Box"—Mrs. J. W. Kettle, Franklin, mite box secretary.

"Our Hope of the Future"—Miss Lula D. Hay, Young Peoples' superintendent.

"Our Junior Partners"—Mrs. Tate.

After the symposium there was a short season of noontide prayer, led by the Rev. J. W. Miller, pastor of Grace M. E. church.

The afternoon session was opened with prayer by the Rev. F. A. McCarty, superintendent of the Jacksonville district, and closed with prayer by the Rev. G. W. Flagg. At 1:30 o'clock there was roll call of auxiliaries with response by the presidents and after this came "Conference News and Plans" by Mrs. Joseph C. Tate of Blomington, conference secretary. Mrs. Tate lead upon the necessity for extensive work among the young people and spoke of Jubilee preparations for 1920.

Miss Muir's address was full of earnestness and zeal, displaying great enthusiasm for the cause of woman's education in China. Miss Muir is head of a school for girls in Nanking and her work is full of promise.

Miss Blackburn told of the girls' school at Lovetch and the work she pursued there until threatening political conditions and prospect of war made flight expedient. The work will go on this year at least, she said under direction of a native teacher of twenty-five years experience.

The delegates were favored with an insight into the hopes and promises of the student volunteer movement in the talk by Miss Laura M. Chessel of the Woman's college faculty. Miss Chessel is instructor in Philosophy and English and is herself a student volunteer.

PRINCIPAL CHARLES A. R. STONE REMEMBERED ON BIRTHDAY

Students of the High school were apprised of the fact that Wednesday was the birthday of Principal Charles A. R. Stone and they took occasion to inform him of the fact. He was dining at the home of a friend and just as the meal was finished he received an urgent call to the High school and upon arrival found that all had assembled in study hall and his appearance was the occasion of an outburst of applause. The principal made a short speech especially fitting the occasion and he was presented with a beautiful bouquet of carnation in behalf of the student association by President Richard Reynolds. While the students were awaiting his coming Miss Jeanette Taylor gave a number of readings and the orchestra played several selections.

But Mr. Stone was not yet to forget that Wednesday was his natal anniversary. For the purpose of attending a "committee meeting" he went the same evening to the residence of A. E. Williamson on West Collee avenue and was almost nonplussed to find there a large company assembled. Members of the Opportunity class of Grace M. E. Sunday school, taught by Mr. Stone, had taken this method to tender birthday regards and with their wives were present for an evening of mirth and genuine fun. Games had been provided, refreshments in ample quantity were ready and nothing was lacking for the complete success of a social evening. The old time songs were sung by the company and, by way of variation, Floyd Williamson favored the guests with two of his inimitable readings.

GRANTS REPRIEVE TO AWAIT DISPOSITION OF PENDING BILL

SPRINGFIELD, Ill., April 14.—At the request of Senator Stephen D. Canaday of Hillsboro and Representative George U. Lipshulch of Chicago both of whom are opposed to capital punishment and are authors of bills now pending in the legislature abolishing same, Governor Dunne today granted a reprieve to July 2nd, 1915, to John Kenzie, under sentence to hang at Morris, Grundy county, April 30th, for the murder of Mrs. Anna Pobielinski. If the bill abolishing capital punishment passes it will become a law one day before the day set for the execution.

George W. Myers of Murrayville was sufficiently recovered Wednesday to return to his home after an illness of several days at Passavant hospital.

MORTUARY

Watson.

J. R. Loar received word Wednesday of the death of his son-in-law, S. J. Watson in Patterson, N. J. Mr. Watson had been ill for several weeks and passed away Wednesday forenoon. In 1907 Mr. Watson was married to Miss Lida B. Loar of this city, and she with one daughter, Elizabeth Watson, survives him.
Mr. Loar left Wednesday for New Jersey to attend the funeral which will take place Saturday.

FUNERALS

Edwards.

Funeral services for Mrs. Lena J. Edwards were held at 2:30 o'clock Wednesday afternoon at the family residence, 344 East Court street, and were conducted by Rev. G. W. Flagg, pastor of Centenary church, assisted by Rev. Dr. F. A. McCarty in the presence of an assemblage of relatives and friends of the family, that filled the rooms and veranda. The singing of hymns fitting the occasion was by a quartette composed of Mrs. T. H. Rapp, Miss Clara Ransom, F. A. McCarty and W. W. Gihham. There was a profusion of floral tributes of love and friendship and there were kindly cared for by Misses Louise Wood, Eleanor and Lucile Ironmonger and Mrs. Herman Brune. The bearers were Albert Atherton, Herman Evans, Russell Connor, Fred Darr, Chas. Nichols and Elmer Gary. Interment was made in Jacksonville cemetery.

Mack.

Funeral services for James Mack were held at 2:30 o'clock Wednesday afternoon at the family home, 239 Lorton street, and were conducted by Rev. H. H. DeWitt, pastor of the Second Baptist church and Rev. J. W. Muse. The singing was by the choir of the Second Baptist church with Mrs. Freeman, leader. The flowers were cared for by friends of the family. The bearers were Clay Clark, James Matthews, James Blue, Louis Johnson, Samuel McAllister and George Coffman. Interment was in the Jacksonville cemetery.

DR. CARRIEL HONORED BY HOSPITAL EMPLOYEES.

Is Presented With Office Furniture—Picture to Hang in Hospital Halls.

As a token of the esteem in which he is held by employees at Jacksonville State hospital Dr. H. B. Carriel, who recently retired from the superintendency, has been presented by employees with a complete set of office furnishings. The employees without his knowledge raised a subscription and with the fund purchased a very handsome office desk and chairs, together with a rug and other fixtures, which were placed in the office room he has leased in the Ayers National Bank building. The employees also secured a picture of Dr. Carriel, which they had enlarged and handsomely framed, and this is to be placed in the reception room at the state hospital, together with the portraits of the other physicians who have served as superintendents of the hospital. The gifts which are costly of themselves, have the greater value, however, from Dr. Carriel's viewpoint, expressing as they do the evidence of good will on the part of employees at the hospital, with many of whom he was associated in the work there for an extended period. Dr. Carriel's long experience in hospital work made him a valued member of the state service. He was recognized as a vigorous executive officer who discharged his duties without fear or favor, and it certainly must be a gratification to him to know that he has the kindly wishes of so many who served under his general direction. This is the first superintendent's picture to be placed at the hospital by employees.

YOU WILL BE THERE.
A lunch at Italy; sauer kraut in Germany; feed in Ireland; chopsticks in China; soup in Portugal; Tamale in Mexico; Uncle Sam, U. S.; all at Northminster church tonight.

IMPORTANT ANNIVERSARY.

At the Congregational church prayer meeting last evening Dr. Post mentioned the fact that it was the anniversary and the hour of the assassination of Abraham Lincoln and he called on W. S. Camp, who gave an interesting address regarding the great emancipator, which was heard with profit. While the speaker was not personally acquainted with the martyr president, he had been fortunate in an acquaintance with Charles A. Dana, the renowned editor of the New York Sun and from him had gathered much that was interesting and important regarding the man the nation loves to honor.

Miss Georgia Fairbank gave some account of the recent meeting of the association which she attended and which proved to be a profitable occasion for all present.

MEETING POSTPONED.

Phi Alpha society of Illinois college, which announced an open meeting for Friday night has postponed the same until Monday night, on account of the Kindergarten benefit play at the opera house tomorrow night.

HELD MONTHLY SUPPER.

The congregational supper of State Street church was held last night at the church at 6:30 o'clock. Mrs. W. D. Doying was chairman of the committee in charge with an able corps of assistants. At 7:30 Miss Vannier, superintendent of Passavant hospital gave a talk on the hospital and the work it was doing.

DENTISTS WILL GIVE AID TO NEEDY SCHOOL CHILDREN

Morgan County Dental Society at Regular Meeting Tuesday Evening Make Provisions for Pupils of Schools Unable to Pay.

Members of the Morgan County Dental society will set aside one half day each month in which pupils of the public schools unable to pay for professional service may receive attention to their teeth free of charge, according to decision of the society in regular meeting Tuesday evening. To receive such attention children will be required to present certificate from the public health nurse, attesting to their need of treatment and financial condition. This step of the dental society is in line with practice in other cities and will do much toward rendering efficient the health work in the schools.

Announcement was made of the state meeting at Peoria next month and a number of dentists expressed intention of attending. This meeting of the state society will cover four days, May 11-14, inclusive.

TODAY OCCURS THE SECOND OPENING IN OUR NEW MILLINERY SECTION. WE WILL TAKE PLEASURE IN SHOWING THE NEW PATTERNS IN SUMMER HATS.

EDISON GREATER INVENTOR, SAYS THIRD WARD DEBATE

Samuel F. B. Morse Loses Decision in Warmly Fought Contest at Franklin School.

Earnestness of delivery and keen appreciation of argumentative points marked the debate Wednesday afternoon at the Franklin school when ten sixth-grade pupils of Miss Edith Johnson discussed the question: Resolved, that Thomas A. Edison has done more for the world than has Samuel F. B. Morse. Although the affirmative won the debate, the negative was adjudged to be somewhat stronger in delivery.

The contest took place at a regular meeting of the Franklin Literary and Athletic association. Darley Cowgur presided and Marion Blair served as secretary. The affirmative was upheld by Paul Gard, Louise Priest, Helen Baker, Darley Cowgur and Dorothy Magill. The negative was supported by Eugene Darr, Marion Blair, Gladys Ruyle, Doris Lindemann and Gladys Nunes. The judges were Miss Lillian McCullough, Miss Sue Fox and Hugh Green. Before the debate began Miss McCullough entertained the audience with two readings.

PROTRAIT OF LATE JULIUS STRAWN PRESENTED TO WOMAN'S COLLEGE

An excellent portrait of the late Julius E. Strawn has been presented to the Woman's College by Dr. David Strawn. It has been hung in a prominent position in the library, near the portraits of Dr. Wm. H. Milburn, A. C. Wadsworth, Matthew Stacy, John Mathers and other eminent founders and benefactors of the college.

Mr. Strawn was one of the best friends of the Woman's College. He showed his interest in many ways, and his gift of ten thousand dollars was one of the largest donations ever made to the school. It is also well known that at the time of his death he was planning a still larger gift as a Strawn Memorial. The president and trustees have been anxious to secure Mr. Strawn's portrait, and thus to honor and perpetuate his memory in the college. They are very grateful to Dr. David Strawn for his generous gift.

The portrait was painted by Mr. Robert C. Smith of this city, and is an excellent likeness.

A CARD FROM MR. ROGERSON

To the Citizens of Jacksonville: For several days I have been very busy getting my affairs in shape so that I could join my sister, Mrs. Bradley, of Champaign, and go with her to the bedside of our sister, Mrs. Russell, who is seriously ill in North Dakota. I am therefore not in a frame of mind to answer the insults of Superintendent Collins. I believe the citizens of Jacksonville, among whom I have spent a greater part of my life, are capable to judge of my work in the schools, where they have honored me by electing me on the board for four terms, and will not have their eyes blinded by this article written with political intent.

Respectfully,
George S. Rogerson.

OF COURSE OF COURSE!

Be sure to take it in, the round the world tour at Northminster church tonight; admission free; booths of many nations, costumes and refreshments at all. Admission free.

EVENING OF FUN AND LAUGHTER AT KNIGHTS OF COLUMBUS PLAY

Old Time "Skule" is Well Presented Wednesday Night at Grand Musical Specialties at "Alumni Reception" Especially Good.

The Knights of Columbus "Home Polk" play, presented at the Grand Opera House last night before a large and well pleased audience, furnished real entertainment from the very first, reflecting credit on those taking part, throughout both acts. First came the "Skule" with old time setting and pupils garbed in the dress of long ago. In the second act the scene was laid on the lawn of Prof. Joshua Blowhard's country home and the event took the nature of an alumni reception. Musical numbers of various kinds made up this act, carried out as it was with distinct credit to each performer as well as to H. C. Renalle, director and trainer of the "skule." The cast of characters in the first part follows:

Joshua Blowhard, the teacher—H. C. Renalle.

Polly Prim, very sedate—Molly Doolin.

Sweetie Song, who hisps—Elsie Howe.

Catherine Sauerkraut, Dutch girl—Barbara Gebert.

Ima Telltale, teacher's pet—Hazel Keehmle.

Samanthy Simpkins, country girl—Helen Howe.

Maggie Maloney, Irish girl—Nelle Grant.

Eva Chewitt, who chews—Maude A. Taylor.

Rebecca Cohen, Able's sister—Frances Graubner.

Lucinda Lee, a blue stocking—Merry Sloan.

Topsy Black, from Alabama—Lucille Harmon.

Sammy Simple, by name and nature—Francis Doyle.

Patsy Maloney, from the Ouil Sed—Jack O'Brien.

ILLINOIS COLLEGE PLAYS

EUREKA COLLEGE TODAY

Local Baseball Nine Will Open Season Away From Home—Will Play Bradley Friday.

Coach Harmon and his Illinois college baseball nine will leave this morning for Eureka, where they will play Eureka college this afternoon in the first game of the season. On Friday the team goes to Peoria to play Bradley Polytechnic.

Coach Harmon has practically his old team in the field. Blum replaces Gary at third and Gouveia goes to short stop instead of Banks who played that position last year but is not in school now. Jackson is added to the list of pitchers. He is a new student being a member of the Freshman class. The pitchers have not had sufficient time to get in condition but as a whole the squad looks as good as any in the minor college conference.

The Illinois lineup follows:

First base—Atchison.

Second base—Harmon.

Third base—Blum.

Short stop—Gouveia.

Catcher—Darragh.

Pitchers—Urbaine, Daniels and Jackson.

Left field—Capt. Apple.

Center field—Stewart.

Right field—Pierce.
